DETAILED ACTION

Response to Arguments

Applicant's arguments filed 10/31/05 have been fully considered and are found to be persuasive.

Election/Restrictions

This application is in condition for allowance except for the presence of claims 20-54 to species and an invention non-elected **without traverse**.

Accordingly, **claims 20-54 been cancelled**.

Allowable Subject Matter

Claims 1-18 are allowed.

The following is an examiner's statement of reasons for allowance:

As submitted in the amendment filed 10/31/05, the amended independent claim clearly distinguishes over the prior art teachings to Holloway '521.

Specifically, while Holloway teaches material having a basis weight within or overlapping the claimed ranges, Holloway is silent with respect to the wet density of the layers, and the wet densities cannot be properly inferred from the weight basis.
